Announcement.

We are authorized to announce JAMES P. RAIDER a candidate for reelection to the office of Clerk of the County Court of Sullivan County.

Secret Potatoes, of various kinds for seed, can be had cheap by applying to Mr. Traummell.

Correction.—In our statement last week that Rev. G. T. Gray had "booked 353 sinners," we perhaps committed an error, as this number has been obtained "by conversion, re-conversion and the regular forms of the Church."

In Town.—We saw our friends Judge Page and L. F. Jones, standing in the shadow of the Southern Cross Co's. bulletin board last evening. They say all Abington is bound to come to the fight. So here's a hearty welcome to Abington!

W. N. Keller & Co. Stock.—We call attention to the advertisement of Messrs. W. N. Keller & Co., who have now a most superb stock on hand.

Their ware-room is literally packed with stoves and tinware, the greater portion being newly arrived. Their Excelsior stove is everything it has been represented to be. The family experience of our own household with it has been of the most satisfactory nature. Having used a No. 6 for four years, a little repairing of it by Messrs. Keller & Co. has made it as good as new. Mr. Keller assures us he has again reduced prices and he certainly knows stock worthy the attention of any purchaser.

Personal.—Mr. Meador, of Manchester, N. H., went only as far as Knoxville and returned to Bristol. He is now at the Thomas House, and will in a few days return to his home, his friend Mr. Pratt, having gone via North Carolina. These gentlemen are very much pleased with our country and are pleasantly impressed with the people of our own vicinity.

Many of whom have called upon them. If liberal terms should be offered them by our real estate owners they may be induced to return and purchase, and there are some twenty or more of their neighbors, who expect to follow them, so as to have a colony of capitalists and skilled laborers for the development of the section they may select. They are gentlemen of means and culture, and their visit will be glad to extend them a generous welcome!

The Fruit.—We are glad to be able to state from minute personal observation that the heavy frost of last Thursday morning has not injured the Peach crop about Bristol. There is yet the greatest abundance left upon the trees and our friends from the country furtively graze gratifying. As the Easter storms are over we presume the crop is now out of danger.

Mr. Tinsley's Card.—Mr. Waller P. Tinsley, whose card appears elsewhere, is a gentleman from the county of titles and gives the very best references, to parties whom we know personally. He comes to reside permanently in our midst, and we think we have nothing when we say that we believe he will be found competent, prompt, and perfectly reliable. We believe he will make his mark and do well.

A Man Shot.—On Sunday evening last at 10 o'clock, Jeff Murrell, a Mulatto man, who has long been in the employment of the Express office, was shot while standing in the stable lot of the Virginia House. He says the perpetrator was a negro man and the weapon used must have been a shot gun, as he received several squirrel shot in the arm and two in the hip.

Personal.—Mr. Wm. S. Saul, of Sweetwater, was in town on Saturday last, and is now in New York, purchasing his spring stock, and also a stock for his father, Mr. S. L. Saul of this place. He thinks the work of the Sweetwater and Tellico Narrow Gauge R. R. will be commenced in 1918 from this date.

BRIEF MENTIONS.

Messrs. Frost & Co. are having the front of their property modernized and improved and the interior refitted in nice style for the new stock.

A new Post Office has been established at Mr. J. L. Collins', below Union. It is called Holston Mills.

Mr. Wilson has left the Virginia House and Mr. B. F. Fry is now acting in lieu of him.

The shooting of Jeff — In the stable lot of the Virginia House on Sunday evening seems to have been a mistake, the murderer mistaking him for his intended victim. The gun was doubtless the one advertised as lost by Willie Hargrove. It was an attempt at cold blooded murder and as usual there was a lady in the case.

Maj. Reynolds and family have returned from a visit to the New River Valley.

At 6 o'clock on Thursday morning last the mercury stood at 90.

\$100 REWARD.

Collector David G. Fulkerson, Scott County, died on Saturday night. Before he died he made a statement which we will publish in full next week, and offers \$100 reward for the arrest and delivery of his murderer, Wm. J. Hensley, whom he describes as 45 years of age, weight 140, height 5 feet 10 inches, spare and dark complexion, dark hair, bald on top of head, front tooth out, and rather mild in conversation.

Our exchanges please copy.

Horse Training for the Border Fair.—Mr. J. C. Conway has just purchased of Messrs. Cross & Crosby, of Chattanooga, or rather has had them to make to order for him, a complete trotting outfit, consisting of the lightest and most elegantly finished Sulky and harness we have yet seen in the country.

The entire weight of the Sulky is eighty-nine pounds. Every particle of metal in it is steel, including even the tire. As a bit of elegant mechanism we had no idea the like of it could have been produced anywhere in the South. It is designed expressly for the trotting races at the next fall fair, and particularly for the Bristol Border Fair.

Parties intending to train their horses for that occasion would do well to employ Mr. Conway, who is particularly skilled in the business, and is now equipped for it as no one else has ever been in this country.

The wood work of the Sulky is all of second-growth hickory, the hubs are of the new emperor patent, and the bridge is double-bitted. The whole outfit looks as light as an ordinary long-legged spider.

Murder in Scott.—On Monday or Tuesday of last week, Collector David G. Fulkerson, of Fulkerson Township, in Scott County, near the Washington county line, was shot and we fear mortally wounded by William J. Hensley.

Mr. Good had leveled on Hensley's cow for taxes and having driven her away she followed and driven back. Hensley pursuing a guard dog returned for the cow, and was driving her away, when Hensley shot him, the ball passing through the muscle of the arm and into the body, passing through one of the lungs and lodging against the sternum. He was carried away by his guard and was, at our latest advice, not expected to recover. He is a young man, a son of Spencer Good and a brother of Rev. Martin Good of the M. E. Church, South.

The Good family have all been republicans, but David at the late election voted the conservative ticket and was elected by that party. Hensley who slew him has always been a radical and is a very dangerous man. He was in the Mexican war. Mr. Good is being waited only by Dr. Spurgin and Helton. Hensley is now at large and at least 100 men have been in pursuit of him.

Called.—We are reliably informed that Elder B. G. Manard has declined a call to Sweetwater, Tenn., having been elected to the Presidency of the Bristol Female College, a position at present filled by Prof. Morrisette.

Poisoned.—Mr. Sam'l. M. Smithson was lately poisoned on last Friday, by swallowing Tartar Emetic. Dr. Vance had directed him to take Cream of Tartar, and after the Doctor had left Mr. S. asked Mr. Galloway to go to the drug store and procure for him some Tartar Emetic. When Dr. P. P. P. filled Mr. Galloway's verbal order, he took care to write on the package the amount to be taken for a dose. Without noticing the directions, however, Mr. Smithson took two teaspoonfuls of it, and immediately exclaimed "I believe it would burn him up." Physicians were summoned in all possible haste, and we are glad to state that he is now thought not to be in any serious danger. The error was wholly his own, as we are informed.

A Trip to Eagle Furnace.—On last Tuesday, the writer of this, accompanied by Mr. J. M. Barker, visited the Eagle Furnace, five miles S. W. of Bristol, where we spent very pleasant day, a portion of the day, with the cultivated and hospitable lessees, Messrs. Benjamin Gallop, & Son. These gentlemen have leased for five years, of Mr. Riley Stone, 80 acres, including the furnace, which now being remodelled and improved so as to increase its capacity very largely. The proprietors have already erected a new store house and have therein, quite a handsome stock of new goods. Coal houses and other buildings are being erected, and every preparation made for a very active business. We witnessed the arrival of a platform Scales, capable of weighing five tons, and to be used in ascertaining the weight of all coal, ore, and other material purchased. Col. Gallop is a successful iron manufacturer, and will, we think, do much to develop the great interest in our vicinity. We hope our County authorities of Sullivan, will have the road from Bristol to the Furnace, put under one management, and that it will be superintended by some one who will at once have it put in excellent order.

Blountville Quarterly Court, yesterday.

The Kendrick's Creek difficulty, was settled by the agreement on the part of the County, to release the contractors, and to take the Bridge, which it will proceed to repair and cover.

The Court also agreed to release from taxation, all new manufacturing enterprises.

J. H. Cross was elected County Surveyor.

We regret to state, that the Court rejected the new Road law. This certainly tends to drive out enterprise and manufactures.

Two gentlemen from the upper end, announced themselves candidates for the Legislature.

Cor. I. B. Dunn is now able to drive to town, using his left arm only, as the right shoulder is yet incapable of voluntary motion. He is otherwise, in excellent health, and we hope to see this impediment removed, within a reasonable time.

Died.—Mr. Wiley Carmack died on last Friday, at his home some three miles in the country. He was a very excellent citizen.

Great Southern Menagerie.—This comprehensive and elaborate establishment—pronounced one of the greatest combinations of caravan, museum, hippodrome, aquarium and circus on the road—with all its colossal and wondrous proportions, will visit our city on Friday the 17th inst.

Of the excellence and perfect completeness of this grand organization, the press have been most lavish in their praise wherever it has been this season. The menagerie department is probably the most choice feature of this elegant show, excepting only the circus. So great is the display afforded for an appreciative public instruction that no less than twelve massive centre poles are required to exhibit it properly.

The new and original idea of a double circus performance is not only delicious and happy, but strikes the beholder as a decided innovation upon the old order of things. A double ring with a dual company performing two acts in as many rings at one time, is a certainly new era in the sawdust business. We look for a big turnout of our good people.

SYMPTOMS OF CATARRH. Dull, heavy headache, obstruction of nasal passages, discharge falling into throat, sometimes profuse, watery, acid, thick and tenacious, mucous, purulent, mucopurulent, bloody, putrid, offensive, etc. In others a dryness, dry, watery, weak or inflamed eyes, ringing in ears, deafness, sneezing and coughing to clear the throat, ulcerations, scars from ulcers, voice altered, nasal twang, offensive breath, impaired smell and taste, dizziness, mental depression, tickling cough, etc. Only a few of the above symptoms are likely to be present in any case at one time. No disease is more common, nor less understood by physicians. The proprietor of Dr. Sage's Catarrh Remedy will pay \$500 reward for an incurable case.

READ WHAT IT WILL DO. BROOKVILLE, Pa., April 27, 1872, Dr. R. V. FERGUSON.

Sir.—Having first applied to a number of home physicians and failed to get relief, I resolved to try your Remedy. Four bottles have completely cured me of one of the worst cases of Catarrh of which I have any knowledge, having suffered for months with an acute pain in the head, and breathing with the greatest difficulty. I deem it due you as well as suffering humanity that this recognition be made of what we deem an invaluable medicine.

CHAS. Q. ANDERSON.

BIRTHS. BERRY.—At noon on the 2nd, at his residence on West Main Street Goodson, Mr. John BERRY, in the 22nd year of his age.

WHEELER & EDWARDS, April 7-17.

The Weed.—Not the weed which Sir Walter Raleigh introduced into England, but the Weed Machine, for which W. F. Payne has the agency, and which he is now ready to furnish to all who wish to avoid the awful drudgery described in Hood's "Song of the Shirt." April 7-17.

Dr. Mrs. Bettie Galloway begs leave to call on all indebted to her for a speedy settlement of their accounts, or they will be put out for collection. She also wishes to say that she may hereafter be found in her new store-room, two doors above J. R. Anderson's store, where she will be pleased to serve all who may need something in her line. March 3-17.

The Question has often been asked: Where can I get my fine watch or clock properly repaired, so that I can rely on it. That question can easily be solved by having your time keepers repaired, adjusted and cleaned by

A. PICKENS, practical watch-maker and jeweler, from London, England, Bristol, Va. & Tenn. June 24-17.

BRISTOL MILL. An Interest for Sale on extraordinary terms.

I will sell a one-half interest in the finest Mill property in the State of Va. on the following terms—to-wit: I will take in cash, the amount that it would yield in five years (profit) to the purchaser, we turning it to its full capacity—the amount to be determined by fair tests.—C. C. Campbell.

We will also pay cash for good clean wheat—and keep on hand constantly the different grades of flour all brand and cheap and will sell at the lowest figures possible—for cash alone.

We must keep our money in shape to be used at any moment, therefore no order will be honored, except the cash accompanying the same.
